

# South Carolina Electric Transportation Network

# What is the SC Electric Transportation Network?

- Statewide forum for collaboration between entities involved in or supportive of the advancement of electric transportation in SC
- Place for educational briefings, building relationships, and sharing information
- Network does not advocate
- Launched in 2022 following the [SC Energy Office EV Stakeholder Initiative](#)
- 250+ members in 2024

# Member Organizations

# How does the SCETN support members?

- Platform for collaboration and disseminating news, events, & opportunities
  - Monthly newsletter
  - Monthly calls with rotating presentations
  - Listserv and [shared member directory](#)
  - *Ex) IIJA & IRA funding, utility panel, local industries & businesses, agency updates*
- Facilitating connections for partnerships, funding, letters of support, and more
  - *Ex) businesses, CFI collaboration, SCOR's PAQC, SCDOT's NEVI plan*

# Thank You!
