

## Fleet Procurement Decision Flow Chart

Ready to procure new electric vehicles? Use this flow chart to decide which funding options are right for your organization.

### Fleet Procurement Resources

The EC has a suite of resources to help you navigate the fleet procurement process:

- Run a fleet analysis using the [DRVE Tool](#), a free total-cost-of-ownership analysis for fleets!
- Browse our [annotated bid specs](#).
- Once you're ready to purchase your new EVs, visit [DriveEVFleets](#), a turnkey, one-stop, online procurement portal for public fleets.
